Daniel McKinney McNair

College of Information Science
Richard A. Harvill Building, Room 320D
Tucson, AZ 85719
dmcnair@arizona.edu

EDUCATION

PhD Student, College of Information Science, 2026 – Present
University of Arizona, Tucson, Arizona

MS, Biological Sciences, 2015
University of Southern Mississippi, Hattiesburg Mississippi

MA, Religion, 2009
Reformed Theological Seminary, Jackson Mississippi

BA, English, 2006
University of Mississippi, Oxford Mississippi

ACADEMIC AND PROFESSIONAL APPOINTMENTS

Graduate Research Assistant, **2026 – Present**
University of Arizona, Tucson, Arizona

Botanist, 2023 – 2026
Tetra Tech, Inc., Tucson, Arizona

Botanist, 2017 – 2023
WestLand Engineering & Environmental Services, Tucson, Arizona

Assistant Curator of the Herbaria, 2015 – 2017
University of California, Davis, Center for Plant Diversity

Graduate Research and Teaching Assistant, 2012 – 2015
University of Southern Mississippi, Hattiesburg, Mississippi

High School Teacher and Soccer Coach, 2009 – 2011
Presbyterian Christian School, Hattiesburg, Mississippi

PUBLICATIONS

Nawaz, G., Z. Abbas, A. Nowak, N. Tanveer, and D. McNair. 2026. Endemism in the flora of Pakistan: a review of the taxonomy, distribution and ecology. *Plant Biosystems* 160.

Alford, M., A. Fennell, D. McNair, J. Osborne, J. Carter, J. Shaw, S. Sewell, H. Sullivan, J Gwaltney, and K. Park. 2016. Another Southeastern U.S. Endemic Rescued from Obscurity: Morphological and Molecular Evidence for the Recognition of *Euphorbia apocynifolia*. *Castanea* 91:246–269

P.A. Fryxell, S.R.Hill, and D.M. McNair. 2024. *Abutilon*, in Jepson Flora Project (eds.) Jepson eFlora, Revision 13, ucjeps.berkeley.edu/eflora.

Embrey, T. and D. McNair. 2023. *Parthenium argentatum* (Asteraceae) naturalized in southeastern Arizona. *Phytoneuron* 2023-09: 1–4.

McNair, D., J. Fox, R. Lindley, S.D. Carnahan, M.E. Taylor, J.T. Verrier, and D.C. Beckman. 2022. Illustrations of *Abutilon* and similar mallows in Arizona. *Phytoneuron* 2022-30: 1–92.

McNair, D., and C. Andresen. 2020. Soapberry (*Sapindus* L.) in Arizona. *Phytoneuron* 2020-78: 1–23.

McNair, D., D. Stults, B. Axsmith, M. Alford, and J. Starnes. 2019. Preliminary investigation of a diverse megafossil floral assemblage from the middle Miocene of Southern Mississippi, U.S.A. *Palaentologia Electronica* 22.2.40: 1–30.

Dean, E., D. McNair, G. Castillo-Campos, T. Starbuck, M. Anguiano-Constante, K. Mawdsley, M Perez, F. Archila. 2019. Identification of the Mexican species of *Lycianthes* series *Piliferae* (Capsiceae, Solanaceae) and the rediscovery of *Lycianthes caeciliae*. *Phytotaxa* 425: 163–189.

McNair, D., J. Fox, R. Lindley, S. Carnahan, M. Taylor, and E. Makings. 2018. Identifying *Abutilon parishii* (Malvaceae) and similar species in Arizona and Sonora. *Phytoneuron* 2018-84: 1–12.

Hitchcock et al. 2018. *Flora of the Pacific Northwest: An Illustrated Manual*. 2nd ed. University of Washington Press. Contributed family treatments by D. McNair: Dipsicaceae, Droseraceae, Hydrangeaceae, Penthoraceae, Polygalaceae, Butomaceae.

Dean, E., O. Hinojosa-Espinsoa, D. McNair, R. Torres-Colín, S.H. Salas-Morales. 2017. *Lycianthes textitlaniana*, a New Species from Southern Mexico. *Phytologia* 99: 241–248.

Dean, E., M. Reyes, R. Fauré, G.K. Walden, D. Canington, D. Brandon, and D. McNair. 2017. Identification of the Species of *Lycianthes* series *Tricolores* (Capsiceae, Solanaceae). *Systematic Botany* 42:191–209.

McNair, D., S. Singley, and M. Alford. 2016. Checklist of the Vascular Flora of the Gopher Farm Sandhill, Wayne County, Mississippi. *Castanea* 81: 138–147.

McNair, D. 2016. Seed Cones of California Pines. University of California, Davis, Center for Plant Diversity.

McNair, D. 2015. Imaging Venation of Broadleaf Plants Using DSLR Cameras, Transmitted Light, and Digital Filters. *Phytoneuron* 39: 1–12.

McNair, D. 2015. An Inventory of the Vascular Flora of Wayne County, Mississippi. Masters thesis. University of Southern Mississippi, 1–63.

McNair, D., and M. Alford. 2014. *Blyxa aubertii* (Hydrocharitaceae) new to Mississippi, U.S.A. Journal of the Botanical Research Institute of Texas 8: 267–270.

McNair, D., M. Alford, and R. Turnbull. 2014. Louisiana: *Bryophyllum daigremontianum* and *Bryophyllum delagoense* (Crassulaceae) new to Louisiana. Castanea 79: 102–103.

AWARDS

Cover Photo Contest winner for the journal *Castanea: Journal of the Southern Appalachian Botanical Society* with three cover images appearing in September 2016, June 2016, and March 2017 issues.

Graduate Assistant of the Year, University of Southern Mississippi, Hattiesburg, Mississippi, 2015.

Triarch Botanical Images Contest, first place, Botanical Society of America Conference. Boise, Idaho, 2014.

Three Minute Thesis competition, finalist, University of Southern Mississippi, Hattiesburg, 2014.

Graduate Student Symposium, third place in oral presentations, University of Southern Mississippi, Hattiesburg, 2014.

Association of Southeastern Biologists Student Support Award, Chattanooga, Tennessee, 2014.

INVITED TALKS

McNair D. 2024. Using NASA's Moderate Resolution Imaging Spectroradiometer (MODIS) for Vegetation Modeling. Tetra Tech GIS Community of Practice.

McNair, D., 2021. Environmental and Cultural Risk Assessment and Communication in Arizona. ENGL 340, Topics in Professional and Technical Writing: Risk Communication. University of Arizona online course.

McNair, D., 2020. Malvaceous Miscellany. Arizona Native Plant Society, Cochise Chapter.

McNair, D., 2020. Tips for growing native mallows in Tucson gardens and other malvaceous miscellany. Arizona Native Plant Society, Tucson Chapter.

McNair. D., 2019. The velvet mallows of Arizona and other malvaceous miscellany. Lunch Lecture Series at the University of Arizona Herbarium.

McNair, D., 2018. Planning Images for Scientific Publication: Journal Expectations and Author Ethics. ENGL 414/514, Advanced Scientific Writing. University of Arizona online course.

McNair, D., 2017. How we document plant diversity in an herbarium setting. Freshman seminar. University of California, Davis.

WORKSHOPS TAUGHT

McNair, D. 2020. Plant Identification in Arizona. A week long digital workshop hosted by WestLand Engineering and Environmental Services for its employees and other guests.

McNair, D. 2019. Digital resources for plant identification in Arizona. A full day workshop series for Tonto National Forest Tribal Monitoring Program training, Tucson and Flagstaff, Arizona.

McNair, D. 2016. Introduction to botanical photography: from image capture to post-processing. A half day workshop for the Davis Botanical Society, Davis, California.

McNair, D. 2015. A nature photography workshop for beginners: Demystifying the manual settings on your camera. A half day workshop for the Lake Thoreau Environmental Center, Hattiesburg, Mississippi.

CONFERENCE PRESENTATIONS

McNair, D., C. Román-Palacios , T. Reichgelt, K. Hartfield, and M. Alford. 2026. Is a sprawling habit in palms (Arecaceae) favored in cool climates? Botany 2026 – Biodiversity at the Boundaries. Tucson, Arizona. Poster Presentation.

Sanderson, C., and D. McNair. 2024. Multi-Approach Monitoring of Avian-Riparian Habitat in the American Southwest: Methods and Resources. Society for Ecological Restoration Southwest Chapter. Tucson, Arizona. Oral presentation.

McNair, D., Tu'tsi, T., Rocha, D., Ruuska, A., Buckles, A. 2022. The Flora of JI Ranch in Pinal County, Arizona, USA. Botany Society of America Conference. Anchorage, Alaska. Oral presentation.

Rocha, D. and D. McNair. 2021. Culturally important riparian trees in southern Arizona: a behind-the-scenes look at ethnobotanical collaboration and research methods. Santa Cruz River Research Days. Tucson, Arizona. Oral presentation.

McNair, D., C. Andresen, J. Melko, S. Selina, L. Wells, J. Leonard. 2020. Improving habitat for monarch butterfly in the Lower San Pedro River basin, Arizona. Celebrating the Sonoran Desert: 6th Trinational Symposium, Ajo, Arizona. Poster presentation.

Rocha, D., D. McNair, 2019. Recording Culturally Significant Plants with the Tonto National Forest Tribal Monitor Program. New Mexico Archeological Council, Annual Meeting. Albuquerque, New Mexico. Oral Presentation.

McNair. D., C. Andresen, D. Rocha, S. Sakeva, A. Villarreal, T. Tu'tsi, C. Powell, A. Graham, and J. Taylor, 2019. Anatomy of a soapberry forest from the lower San Pedro, Arizona. Botanical Society of America Conference, Tucson, Arizona. Poster presentation.

Rocha, D., L. Shingoitewa, D. McNair, and A Buckles 2019. Digital tools for obtaining knowledge of plants in the American Southwest. Botanical Society of America Conference, Tucson, Arizona. Poster presentation.

McNair. D., 2019. Velvetleaf mallows of the Apache Highlands Ecoregion. Botanical Society of America Conference, Tucson, Arizona. Poster presentation.

Huerta, M., E. Dean, D. McNair, and K. Battenberg. 2017. A morphological taxonomic investigation of the species limits of *Lycianthes inaequilatera* and *Lycianthes amatitlanensis* (Solanaceae). Botanical Society of America Conference, Fort Worth, Texas. Poster presentation.

McNair. D., D. Stults, J. Starnes, M. Alford., and B. Axsmith. 2017. A Diverse Miocene Megaflora from the Hattiesburg Formation, Mississippi, U.S.A. 19th International Botanical Congress, Shenzhen, China. Poster presentation.

Stults, D., B. Axsmith, D. McNair, and M. Alford. 2016. Preliminary Investigation of a Diverse Miocene Megaflora from the Hattiesburg Formation, Mississippi. Botanical Society of America Conference, Savannah, Georgia. Oral presentation.

Fennell A., D. McNair, and M. Alford. 2015. Species Delimitation in the *Euphorbia corollata* Complex of Eastern North America. Association of Southeastern Biologists Meeting, Chattanooga, Tennessee. Poster presentation.

McNair D., M. Alford, and B. Axsmith. 2015. Plant Fossils from the Miocene of Mississippi: Reconstructing a Deltaic Wetland. Association of Southeastern Biologists Meeting, Chattanooga, Tennessee. Oral presentation.

McNair, D. 2014. Red Imported Fire Ant and Henbit: A Possible Mutualism between Two Invasive Species. Botanical Society of America Conference, Boise, Idaho. Oral presentation.

Lam, V., V. Merckx, T. Yukawa, A.Wulff, M. Hollingsworth, P. Hollingsworth, D. McNair, and S. Graham. 2014. Parallel Degradation of Plastid Genomes in Diverse: Lineages of Mycoheterotrophic Plants. Botanical Society of America Conference. Boise, Idaho. Oral presentation.

Wallace, L., M. Alford, N. Baghai-Riding, C. Baker, L. McCook, D. McNair, A. Rohnke, H. Sullivan. 2014. Magnolia grandiFLORA: A Virtual Resource of Plant Diversity in Mississippi. Botanical Society of America Conference, Boise, Idaho. Poster presentation.

McNair, D. 2014. Plant Collections from the John C. Stennis Space Center in Hancock County, Mississippi. Mississippi Academy of Sciences, Hattiesburg, Mississippi. Poster Presentation.

FEDERAL PERMITS

Remote Pilot (Part 107) for small unmanned aircraft systems by the U.S. Federal Aviation Administration (certification: 4544362)

Yellow-billed cuckoo (*Coccyzus americanus*) vocalization playback surveys in Arizona by the U.S. Fish and Wildlife Service (permit: ESPER12105637).
